L. K. Kentwell, treasurer of the newly organized Mexican company, the Pacific Charter Company, returned to Honolulu last evening on the Ventura after a three months' business and pleasure trip to the Coast. Mr. Kentwell states that the company will be in readiness to commence operations in about three months. Its aim is to assist in the development of the western portion of Mexico by the introduction of Chinese laborers. The company proposes to put on a steamer to run from one of the coal ports of Honolulu to Japan and China, touching at Honolulu both ways. The company proposes to carry thousands of Chinese coolies in Mexico, and to remain in Honolulu and engage in business as heretofore besides operating with the Pacific Charter Company.

At 4 o'clock this afternoon the Oceanic Company's steamer Zealandia, Captain Dowdell, will sail for Santa Monica or San Pedro to take on board a party of 800 Porto Rican laborers for the plantations of Hawaii. The brought across the country on the Southern Pacific railroad, and it will carry the crowd to the Islands. The steamer will take nothing from here except about 300 tons of freight.

Profiting by past experience, the men in charge of the Porto Ricans will permit them in Hilo, Kahului and other places nearest to the plantations upon which they are to be employed, avoiding Honolulu, where many of the taken down availed themselves of opportunities to work in Honolulu and refused to proceed to the plantations. The Zealandia, upon returning from Hawaii, will be temporarily laid up.—San Francisco Chronicle, February 13.

THE BOERS IN CAPE COLONY

De Wet and Steyn are Driven From a Town With Loss.

CAPE TOWN, Feb. 14.—A Boer commando crossed the Orange river yesterday in the Phillipstown district. It is reported that De Wet was in command. Van Wyksvlei was occupied Monday by 300 Boers, who were retreating from Calvinia.

The Boers are reported in force twenty-four miles west of Carnarvon. A Boer convoy of sixty-five wagons and forty-five prisoners has been captured north of Amsterdam.

LONDON, Feb. 14.—The Evening News today prints a dispatch from Cape Town dated Thursday, February 14, which says:

The Government here is advised that General Christian De Wet and former President Steyn entered Cape Colony and occupied Phillipstown. The British attacked them yesterday and drove them out of the town with loss.

THE HARRIMAN SYNDICATE.

It Will Soon Control the Principal Southwestern Roads.

CHICAGO, Feb. 14.—The Tribune today says: Although President Jeffrey does not confirm the report, the Tribune can state upon the best of authority that George Gould and other parties connected with the Harriman syndicate are today in full control of the Denver and Rio Grande Railroad, Gould and his associates will be made directors at the next annual meeting. Gould, Harriman, Rockefeller and others will undoubtedly before long secure control of the Rio Grande Western and Colorado Southern.

It is also known they are buying stock of the St. Louis and San Francisco road with a view of controlling this property. With these acquisitions the Gould-Harriman-Rockefeller combination will control all the principal roads in the Southwest.

Mad Dog in a Schoolroom.

CHICAGO, Feb. 14.—A brindle bulldog foaming at the mouth and yelping in the madness of hydrophobia, dashed into a crowded recitation room of the Kozminski school at Fifty-fourth street and Ingleside avenue, today and before it was driven out by a policeman who had been called by the teachers, had severely bitten four of the children and created a panic in which a number of others were badly bruised. The dog first attacked a little girl, biting her in the leg. Amid the wild rush for safety, three boys attacked the brute with a blackboard pointer and were in turn bitten. A policeman then appeared and fired four shots at the mad dog without effect other than to drive it from the building. The dog was wounded but not crippled and was chased for nearly a mile through the streets before it finally escaped.

The Great Carnegie Deal.

NEW YORK, Feb. 14.—The Evening Post says:

"Judge Gary of the Federal Steel Company, Max Pam of the Steel and Wire Company, and Francis Linde Stetson, representing J. P. Morgan, have been in conference most of the day upon the matter of the steel arrangement. John W. Gates, according to Wall street news, says there is no hitch in the deal, that everything is going on smoothly. Mr. Clifford, director of the Steel and Wire Company, is not sure whether his company will be merged. Some of the companies which have been mentioned in reports of the merger are, it was said today, likely to be outside the deal, when the great deal has been consummated."

The Danish West Indies.

COPENHAGEN, Feb. 14.—Important developments in regard to the sale of the Danish West Indies are expected shortly. It is said in well-informed circles that the Foreign Office is about ready to send a definitive and favorable reply to the United States. King Christian, it is understood, gave assurances that while he preferred the islands to remain Danish, if the circumstances could be improved, he would do nothing to prevent their transfer.

The Rigsdag has apparently concluded that enough sacrifices have already been made for the West Indies, so it is unwilling to give the further appropriations necessary to retain their possession.

THEIR CLAIMS SET AT REST.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employee of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlehan, and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, for the deed."
